**Indian fleet owner Paramount Heavy Carriers chose
Volvo Penta TAD942VE**

A growing logistic company in India have chosen reach stackers produced by Indital Construction Machinery (ICM) powered by TAD942VE.

The engine was chosen as it offers low pollution levels, the lowest fuel consumption, superior technical features and the best performance levels.

ICM will be their future supplier of reach stackers powered with TAD942VE.

DENNIS EAGLE

Supply partnership agreement SIGNED WITH DENNIS EAGLE for approx 900 engines per year

Dennis Eagle is a UK based manufacturer of refuse trucks. At present Dennis Eagle produce approx 900 trucks per year. The ambition is to increase following the new supply agreement with Volvo Penta.

The refuse trucks will be powered by Volvo 7-liter engines from its launch of Euro 4 trucks in 2006.
